Dr. R. Lakshmipathy
President - Subbalakshmi Lakshmipathy Foundation

SUBBALAKSHMI LAKSHMIPATHY FOUNDATION (SLF)

The following institutions were established under SLF

- Subbalakshmi Lakshmipathy College of Science, estd. 1994
- Krishnamal Ramasubbaiyer School, estd. 1995
- R L Institute of Management Studies, estd. 1998
- R L Institute of Nautical Sciences, estd. 1999

SLCS

Subbalakshmi Lakshmipathy College of Science is an Autonomous and Self- Financing college affiliated to Madurai Kamaraj University. The college was started to serve the student community from the year 1994.

We feel proud in declaring that this is the youngest self-financing college to receive autonomy and we are in the 5th cycle of NAAC and the 4th cycle of Autonomy.

With the autonomy SLCS has framed its own new Programmes of studies and adopted innovative methods, to make our students meet the current industrial requirements and mainly to make them Employable. The college provides the necessary elements to ensure access to education through excellent state-of-the-art infrastructure facilities.

Net Lab

At SLCS, students are provided with sufficient and modern lab facilities to obtain training. A dedicated 100 MBPS high-speed internet connectivity is provided.

Library

The digitalized central library which functions from 9am to 5pm, houses thousands of e-resources, reference and text books on heterogeneous topics in a spaciously organized hall made available for the students.

Transport Facility

The college operates buses for the day scholars for their safe commutation to the college and back home. The college buses are operated across Madurai city from different points.

Hostels

Separate hostel facilities are provided for both girls and boys with well furnished double occupancy rooms for girls and single occupancy rooms for boys with Wi-Fi internet connectivity. The students are served nutritious, hygienic vegetarian food.

Canteen

The college affords a spacious canteen inside the campus which serves delicious, hygienic food, beverages and bakery items. The students, parents and visitors can utilize the canteen facility. The canteen functions throughout the day.

Auditorium

A fully air conditioned 360 seater auditorium cum preview theatre with High Quality projection and surround sound system.

Skill Development Programme
Swimming

As swimming is a life saving skill, we at SLCS believe that all our students must equip themselves with this skill. SLCS has a Semi-Olympic size swimming pool with certified separate trainers for boys and girls, each given 20 hours of practical training.

Driving

A driving school inside the campus trains the students with proper driving and road safety skills as part of their curriculum. It consists of 8 hours of theory classes, 8 hours of training on the simulator (one-to-one basis) and 10 hours of ample hands-on practical **on-road training**.

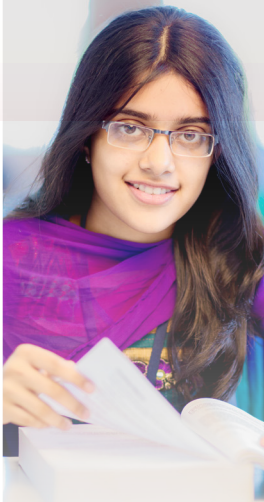

Value Added Courses

Value added courses are given as part of the curriculum to all the students. Each department conducts certification Programmes enabling students to acquire National / International Certificates.

English Language as a skill

Professional grooming practices are offered through courses called Career Development Skills (CDS) and Campus Recruitment Training (CRT). English language as a skill is offered to all through a user-friendly mobile application called CAPSHINE with the motto "Learn It Together". The platform not only provides live talk time sessions (moderated by English language experts) but also live learning sessions and videos that aim at improving the language proficiency of the learners. The feedback after every session helps the learners to become versatile speakers of the language.
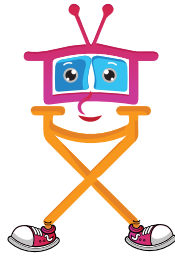

Internship

All UG / PG Students undergo internship during the final semester.

SCHOOL OF ANIMATION & MEDIA STUDIES

ONE OF THE BEST MEDIA SCHOOLS IN SOUTH TAMILNADU SINCE 2009

where creativity meets technology!

15 YEARS

EXCELLENCE IN
ANIMATION &
MEDIA EDUCATION

Hi-Tech Bakery

B.Sc. Networking (Specialization in Cloud Computing)

Programme Highlights

- Industry oriented curriculum in IT and Networking
- Hands-on Training in Network devices
- Internship in leading IT and Networking companies.
- Summer Experiential Training in IT and Networking companies
- Focus Data Analytics using Python & R Languages
- Key concepts in cloud computing; such as IAAS, PAAS & SAAS.
- Theoretical and practical knowledge of progressive and emerging topics , including AWS, Azure,
- DevOps, Virtualisation, IoT, Cyber Security and Data Science
- Realtime Project Training in Artificial Intelligence and Machine Learning

Infrastructure

- High-end individual systems
- Amazon Web Services (AWS)
- Windows
    - Server Lab
    - Microsoft Azure
- Hardware & Troubleshooting Lab
- Linux Lab
- Redhat Certified Training and Testing Center
- Network Switch & Router Simulator Lab

International Certificate Courses

- CompTIA (Network+)
- Certiport (Python)
- Redhat (RHCSA, RHCE)
- CISCO (CCNA, CCNP)
- Amazon Web Services (AWS)
- Microsoft Azure

Our Students are Placed in

Eligibility : Pass in +2 with Maths & Physics

B.Sc. Computer Science
[Security System Specialization]

Programme Highlights

- Training in Information & Network Security tools
- Developing Web & Mobile based Applications
- Emphasis on Cryptography and Network Security
- Hands on training in Ethical Hacking, Penetration Testing & Cyber Forensics
- Lays a strong platform for higher studies in India and Abroad
- Focus on Data Analytics Domain using Python
- Earn While You Learn Programme from II year onwards
- Internship training during the VI semester

Our Students are Placed in

Infrastructure

- State-of-the-art Software Development and Security based lab with Workstations
- Separate Lab for Web Applications and Penetration testing

International Certificate Courses

- Basic & Advanced Cyber security courses from IIT-Madras
- CompTIA Certification
- MTA (Microsoft Technology Associate) on Python Programming
- MTA (Microsoft Technology Associate) on Security Fundamentals
- MTA (Microsoft Technology Associate) on Azure AZ900 Fundamentals
- MTA (Microsoft Technology Associate) on HTML 5
- Certification on Linux Fundamentals & Admin
- Certification on Artificial Intelligence & Machine Learning

60% of our students
have cleared various **Microsoft Certifications** during the Academic Year 2023-24

Eligibility : Pass in +2 with Maths & Physics

B.Sc. Computer Science
[Data Science & Analytics]

Programme Highlights

- Training in Data Analytics tools
- Lays a strong platform for higher studies in India and Abroad
- Focus on Data Analytics Domain using Python
- Project Exhibition
- Value Added Courses
- Earn While You Learn Programme from II year onwards
- Internship training during the VI semester

Career Opportunities

- Data Journalist
- Data Analyst
- Statistical Analyst
- Computer Systems Analyst
- Database Administrator
- Business Intelligence Analyst
- Data Scientist
- Machine Learning Engineer
- Data Engineer
- Data Architect
- Application Architect
- Enterprise Architect

Infrastructure

- State-of-the-art Software Development and Data Analytics Tools
- Separate Lab for Data Science

International Certificate Courses

- CompTIA Certifications
- MTA (Microsoft Technology Associate) on Python Programming
- Microsoft MTC on Power Bi
- Certification on Artificial Intelligence & Machine Learning

Our students have cleared
CompTIA Certification
during the Academic Year 2023-24

B.Sc. Fire and Industrial Safety

Programme Highlights

- Creating awareness about the quality of life protection through Environment, Health and Safety (EHS)
- Creating awareness about industrial hazards and their various prevention techniques
- Assisting for the development of new methods and processes of Environment, Health and Safety (EHS)
- Providing lifelong learning skills and attitude for social and personal development
- Exploring to the latest fire technology in the modern industries

Life Skills

- Swimming, Driving, First Aid, Emergency Evacuation & Mock Drill

Careers

- Fire Officer
- Fire Watcher
- Fire Guard
- Fire Marshal
- Fire Supervisor
- Safety Guard
- Safety Steward

Value Added Courses

- Training from Tamilnadu Fire and Rescue Department
- Certificate in Basic First-Aid Training
- Certificate in Basic Safety Audit
- Certificate in Onshore / Offshore Survival Techniques
- Certificate in IOSH [Institute of Occupational Safety and Health]

Our Students are Placed in

Eligibility : B.E. Degree (any stream) or B.Sc.(Physics / Chemistry) or Diploma (DOTE Approved) with any degree

Contact : +91 96779 61257

P.G. Diploma in Fire and Industrial Safety
A one year, full-time Programme

Approved by Directorate of Industrial Safety and Health (DISH), Government of Tamilnadu [G.O(MS)NO.117]

Opportunity to become a Notified Safety Officer under the Tamil Nadu Factory Act rule 1950 in both Government and Private Sectors.
