Vision of the Department

To impart an excellent value - based Commerce and International accounting knowledge with a holistic concern.

Mission of the Department

DM1: To empower students with all the knowledge and guidance that they need to become professionals.

DM2: To provide a global perspective through value based education for positive transformation.

DM3: To train students with the required levels of competence for employment in both domestic and global market.

DM4: To provide opportunity and access to people around the world and support our students throughout their careers in accounting, business and finance.

DM5: To develop social consciousness among students.

PROGRAMME EDUCATIONAL OBJECTIVE (PEO)

PEO1: Excel as commerce professionals in the country as well as globally with the knowledge of International Financial Reporting Standards (IFRS) and Indian Accounting Standards (IndAS).

PEO2: Exhibit in the field of Accounting, Taxation, Business laws and Finance

PEO3: Bestow with practical exposure as per corporate needs through industrial Training.

PEO4: Competent in business knowledge towards lifelong learning.

PROGRAMME SPECIFIC OUTCOMES (PSO)
The graduates will be able to:

PSO1: The graduates will be able to: Knowledge in domestic and international accounting, economic and organizational environments.

PSO2: Analysis of commerce / business issues in international contexts.

PSO3: Understanding of the accounting concepts, principles, theories and arguments in global economics and business.

Vision of the Department

To optimize the employability of the students and appropriately place them in the field of Banking and Insurance, thereby providing a good socioeconomic status.

Mission of the Department

DM 1: To provide contextually pertinent Commerce education in the field of Banking, Insurance, Finance, Taxation and Marketing.

DM 2: To train the students with high level proficiency for employment in Banking and Insurance sectors.

DM 3: To impart comprehensive and meaningful education to the aspirants with a special focus on social values for lifelong success.

PROGRAMME EDUCATIONAL OBJECTIVES

The graduates will be able to:

PEO 1: Excel in Accounting, Taxation, Banking, Insurance and Auditing

PEO 2: Employ in a broad range of positions in Banking, Insurance and Financial sectors.

PEO 3: Recognize as professionals with commitment towards human dignity in their workplace.

PEO 4: Adapt to various technologies in Banking, Insurance and Financial sectors.

Programme Specific Outcomes (PSOs)

The graduates will be able to:

PSO1: Strong foundation in different areas of Commerce.

PSO2: Ability to apply concepts and techniques used in the field of Banking and Insurance.

PSO3: Commitment to work efficiently in the financial sector.

DEPARTMENT OF BUSINESS ADMINISTRATION
(LOGISTICS & SHIPPING MANAGEMENT)
Vision of the Department

To create professionals and entrepreneurs in Logistics & Shipping industry with ethical values thereby contributing to societal and community development.

Mission of the Department

DM1: To Empower students with industry aligned education and strive for academic excellence in the Logistics and Shipping industry.

DM2: To nurture the personal and professional growth of students through value –based education, fostering a sense of responsibility and ethical values for positive societal contributions.

DM3: To inspire and motivation students to embrace entrepreneurship, cultivating an innovative mindset to create opportunities for themselves and drive community development.

DM4: To Promote extension activities in the neighborhood, affirming our commitment to actively engage with the local community and collaborate on initiatives for its advancement and betterment.

Programme Educational Objectives (PEO)

The graduates will be able to:

PEO 1:   Exhibit the skills and knowledge required for the logistics and shipping industry.

PEO 2:   Demonstrate competencies towards getting employed, and starting their own enterprises.

PEO 3:   Excel themselves as socially responsible citizens with ethical values.

PEO 4:   Adapt modern technologies and engage in lifelong learning in the field of logistics and shipping.

Programme Specific Outcomes (PSOs)

The graduates will be able to:

PSO 1.   Various scope and challenges in the Shipping and Logistics sector.

PSO 2.   Opportunities for developing India as a preferred logistics hub.

PSO 3.   Feasible and appropriate means of logistics to facilitate business transactions between   nations.

DEPARTMENT OF COMPUTER SCIENCE (SSS)

VISION OF THE DEPARTMENT

To produce quality human resource with Information Security Technological Skills and Software Development skills to meet industry needs.

MISSION OF THE DEPARTMENT

DM1: To master the latest tools and technologies in information security.

DM2: To provide high - quality education that fulfills the needs of the software industry.

DM3: To promote innovative projects and hands on training in the emerging areas of software technology convergence.

DM4: To enhance career opportunities through industry, institute interaction programs.

Programme Educational Objectives (PEO)

The graduates will be able to:

PEO1: Experience themselves with knowledge in Computer Science focusing on Penetration Testing and Cyber Forensics.

PEO2: Employ in the software industry and adopt latest technological changes.

PEO3: Apply ethical principles in daily life and professional career by taking social responsibilities.

PEO4: Problem Solving for Societal Aspects, Career Enhancement through Professional Certifications.

Programme Specific Outcomes (PSO)

The graduates will be able to:

PSO1: Acquire skills in cyber security domain.

PSO2: Security professional in Database domain.

PSO3: Solve complex problems in Cyber attacks.

PSO4: Develop skills in security related Web Applications.

B.Sc., COMPUTER SCIENCE (DATA SCIENCE AND ANALYTICS)

VISION OF THE DEPARTMENT

To empower students with cutting-edge technology for innovation, addressing cognitive challenges, and improving the lives of citizens globally.

MISSION OF THE DEPARTMENT

DM1: To harness the power of data science and solve real-time challenges through data – driven insights and innovations.

DM2: To optimize operations in data science to enhance customer experiences and unlocks new opportunities for growth in the digital era.

DM3: To faster a culture of cross – disciplinary thinking with professional ethics and solve challenges across Industries.

Programme Educational Objectives (PEO)

The graduates will be able to:

PEO1: Competent for higher studies and employable, to meet industrial requirements.

PEO2: Core competence in science, mathematics and fundamentals of Data Science to address ever - changing industrial requirements globally.

PEO3: Demonstrate knowledge of Statistical Data Analysis Techniques utilized in Business Decision Making.

PEO4: Problem Solving for Societal Aspects, Career Enhancement through Professional Certifications.

Programme Specific Outcomes (PSO)
The graduates will be able to:

PSO1: Ability to design, develop, test and maintain software systems.

PSO2: Develop analytical skills to perform tasks related to research, education, training and e - Governance.

PSO3: Expertise the determining and optimizing the performance of algorithms on specific platform.

PSO4: Make effective decisions in professional contexts using advanced analytical tools.

DEPARTMENT OF FIRE & INDUSTRIAL SAFETY

VISIONOF THE DEPARTMENT

To offer a competent programme that meets Industry Standards and to inculcate Ethical Values in the graduates to become Successful Safety Professionals.

MISSION OF THE DEPARTMENT

DM1: To impart fire and industrial safety knowledge and protective skills to maintain a safe working environment in industries.

DM2: To instill a sense of discipline with moral values to bring about a positive occupational health and safety environment.

DM3: To produce globally certified graduates with a thirst for continuous learning, competent   enough to work around the world.

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

The graduates will be able to:

PEO 1   : Possess health, safety and environment knowledge to attain the standards required in their profession.

PEO 2   : Work as safety professionals in manufacturing sectors, global oil and industries or pursue higher education.

PEO 3   : Become socially responsible citizen by upholding ethical and professional values.

PEO 4   : Adapt to new fire and safety technology with a desire for lifelong learning.

PROGRAMME SPECIFIC OUTCOMES (PSOs)

The graduates will be able to:

PSO 1: Become a safety professionals in various industries.

PSO 2: Learn and implement rules and regulations in industries as safety personnel.

PSO 3: Create awareness about safety among workers.

PSO4: Conduct safety programs and communicate the importance of safety regulations to the Public.

DEPARTMENT OF FOOD SCIENCE AND PROCESSING MANAGEMENT

VISION OF THE DEPARTMENT

To evolve young minds as productive professionals by fostering a healthy community through drive innovation in Food Science and Processing Management.

MISSION OF THE DEPARTMENT

DM1: To provide quality and holistic education to students for careers in the food industry and health sectors.

DM2: To deliver effective outreach education in and around the city.

DM3: To cherish integrity, innovation and commitment to diversify and upgrade diet.

DM4: To promote participative management and teamwork among students in all activities.

PROGRAMME EDUCATIONAL OBJECTIVES (PEO)

The graduates will be able to:

PEO1: Exhibit advanced expertise and mastery in the fields of food processing, quality control, and food safety.

PEO2: Apply cutting-edge innovations to tackle real-world challenges in the food industry, particularly addressing sustainability and the creation of environmentally-friendly food products.

PEO3: Entrepreneur in Food Science and Processing Management related Business.

PEO4: Exhibit professional integrity and ethical acumen, fostering collaborative success both independently as well as team.

PROGRAMME SPECIFIC OUTCOMES (PSO)

The graduates will be able to:

PSO 1: Acquire Technical knowledge and skills in solving problems related to food safety during food processing.

PSO2: Scientific approach in optimizing food processing problems by improving the quality and safety of food products.

PSO3: Develop Nutrition products using modern tools & techniques.

DEPARTMENT OF B.COM HONOURS

VISION OF THE DEPARTMENT

To envision and to impart excellent value - based commerce and accounting knowledge with a holistic concern.

MISSION OF THE DEPARTMENT

DM1: To empower students with all the knowledge and guidance that they need to become professionals.

DM2: To provide a global perspective through value based education for positive transformation.

DM3: To train students with the required levels of competence for employment in both domestic and global market.

DM4: To equip students for higher education in Auditing, Commerce and Business Studies.

DM5: To develop social consciousness among students.

PROGRAMME EDUCATIONAL OBJECTIVE (PEO)

The graduates will be able to:

PEO1: Excel as commerce professionals in the country as well as globally with the knowledge of International Financial Reporting Standards (IFRS) and Indian Accounting Standards (IndAS).

PEO2: Exhibit in the field of Accounting, Taxation, Business Laws, Business Mathematics and Finance.

PEO3: Bestow with practical exposure as per corporate needs through industrial training.

PEO4: Competent in business knowledge and develop inclination towards lifelong learning.

PROGRAMME SPECIFIC OUTCOMES (PSO)

The graduates will be able to:

PSO1: Gain knowledge in Accounting, Commerce, Auditing, Finance, Business Mathematics at both the macro and micro levels of business.

PSO2: Exhibit an inclination towards pursuing professional courses such as Charted Accountants (CA), Company Secretary (CS), Cost and Management Account (CMA) and Chief Financial Advisor (CFA).

PSO3: Integrate knowledge, skills and attitudes that will sustain an environment of learning and creativity for ensuring prospective careers.

DEPARTMENT OF MARINE CATERING AND HOTEL MANAGEMENT

VISION OF THE DEPARTMENT

To provide the best educational opportunities with professional knowledge and ethical values that meet the needs of the Shipping, Tourism, Hotel & other Hospitality Sectors.

MISSION OF THE DEPARTMENT

DM1: To impart world-class culinary skills that meets the professional standards of the ever-evolving challenges of the Hospitality industry.

DM2: To provide a platform for higher education and train them in the field of Marine Catering and Hotel Management to become skilled professionals

DM3: To train them in all aspects of professional ethics for a disciplined life in industry / academia.

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

The graduates will be able to

PEO1: Establish analytical and conceptual managerial skills to be successful in the Hospitality Industry.

PEO2: Proficient to exhibit as Food Safety Managers, Facility Managers, Executives or Entrepreneurs around the world.

PEO3: Adapt Ethics, Social Environmental perspectives and new Technologies in the field of Marine Catering & Hotel Management.

PEO4: Excel as competent professionals and imbibe the quality of Innovation and Creativity for life - long learning.

PROGRAMME SPECIFIC OUTCOMES (PSOs)

The graduates will be able to

PSO1: Demonstrate the concepts of Marine Catering & Hotel Management.

PSO2: Best practices in Culinary Arts, Food and Beverage, service, Accommodation operation & Front office in Hotel and Shipping Industries.

PSO3: Acquire Teamwork & Management skills, professional Ethics, Effective communication and Computer literacy to shine in the Hospitality Industry.

PSO4: Prepare themselves for Management Careers in sectors such as Hotels, Resorts, Cruise liners, Restaurants and Catering Organizations.

DEPARTMENT OF NETWORKING
(Specialization in Cloud Computing)

VISION OF THE DEPARTMENT

To offer rewarding learning experiences in the field of Networking Technologies imbued with ethical values for the development of the community.

MISSION OF THE DEPARTMENT

DM1: To produce qualified technical personnel capable of advancing in the field of Information and Networking Technologies

DM2: To educate the students with ethical values to fulfill the needs of the Networking Profession

DM3: To develop cloud and networking applications that satisfies the societal needs.

PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

The graduates will be able to

PEO1: Excel in the field of Network Technology.

PEO2: Exhibit the skills in Testing, Troubleshooting and Network Administration.

PEO3: Adapt moral and ethical values among customers by maintaining mutual relationships.

PEO4: Combine societal problem-solving with career advancement through acquiring professional certifications.

PROGRAM SPECIFIC OUTCOMES (PSOS)
The graduates will be able to

PSO1 : Competent Network Cloud Engineers to meet both industrial and societal needs.

PSO2 : Adapt to societal changes, enhancing career opportunities in cloud and networking industries, academics and entrepreneurial endeavors

PSO3 : Enhance their Hardware, Networking and Programming skills.

PSO4 : Work as Team Members or Team Leaders committed to ethical practices in the networking profession.

DEPARTMENT OF MASTER OF BUSINESS ADMINISTRATION (MBA)

Vision of the Department

To become one of the most trusted and preferred business schools in India by aspiring management graduates with the ethics, ethos and value system.

Mission of the Department

DM1: To nurture the student learners to imbibe ethical standards in all aspects of learning and practice.

DM2: To facilitate the students in gaining knowledge, skills and developing positive attitude in their approach to their Profession.

DM1: To enable the students to become a socially responsible corporate citizen of this world.

PROGRAM OBJECTIVES and PROGRAM OUTCOMES

Program Educational Objectives (PEO)

The graduates will be able to:

PEO1: Grasp the local and global business environment for making smart business analysis / decisions with staunch ethical value system and social responsiveness.

PEO2: Become innovative business leaders with effective communication skills and team - playing ability.

PEO3: Solve socio - business problems through their strong domain knowledge and critical thinking process.

Programme Specific Outcomes (PSO)

PSO 1 Work successfully as a management graduate with requisite skill sets for various management domains as required. To impart knowledge gained from project - based learnings from the industry and market for effective decision making

PSO 2 Develop students with proficiency in the specific - elective area of interest and help them to show their competency in understanding various domain knowledge.

PSO 3 Nurture the students through workshops and seminars (webinars) for better understanding of the contemporary knowledge and equip them with industry - ready skills.

B.Sc., Animation (Game Design and Development Specialization)

Vision of the Department

To offer globally competent graduates with excellent Animation Skills in Computer Graphics as well as in Film Production Process.

Mission of the Department

DM1: To provide a world class – Industry oriented curriculum in Digital Arts Computerized Animation and Film Studies

DM2: To offer rich skills in the area of Fine arts, Animation, Gaming, Computer Graphics and Film production to the younger generation with moral ethics.

DM3: To promote multi-disciplinary culture among students for the growth and development of the Media Industry

Programme Educational Objectives (PEOs):
The graduates will be able to:

PEO 1: Apply animation principles and technical skills using industry - standard tools for immersive gaming experiences.

PEO 2: Develop creative thinking, critical analysis and problem - solving skills for innovative game narratives and mechanics.

PEO 3: Understand societal impacts and practice responsible design with professional ethics and teamwork.

PEO 4: Embrace lifelong learning to adapt, evolving technology in gaming by supporting continuous professional development in line with global industry needs.

Programme Specific Outcomes (PSOs)

The graduates will be able to:

PSO 1: Conceptualize design and implement game mechanics using industry – standards tools for innovative exposure.

PSO 2: Proficiently animate 2D, 3D characters and environments applying principles of motion, timing and weight.

PSO 3: Exhibit strong programming skills by developing and integrating smooth gameplay features.

PSO 4: Work in multidisciplinary teams, utilizing project management and communication skills to achieve goals.

PSO 5: Examine game design challenges and find solutions to stay aligned with industry demands.

B.Sc., Animation (Visual Effects and Film Production Specialization)

Vision of the Department

To offer globally competent graduates with excellent Animation Skills in Computer Graphics as well as in Film Production Process.

Mission of the Department

DM1: To provide a world class – Industry oriented curriculum in Digital Arts Computerized Animation and Film Studies

DM2: To offer rich skills in the area of Fine arts, Animation, Gaming, Computer Graphics and Film production to the younger generation with moral ethics.

DM3: To promote multi-disciplinary culture among students for the growth and development of the Media Industry

Programme Educational Objectives (PEO)

The graduates will be able to:

PEO 1 : Achieve technical innovations in computer graphics in film production using cutting - edge tools and technologies.

PEO 2 : Harness creative and artistic talents in animation and visual storytelling to produce captivating films.

PEO 3 : Excel in communication and team work, collaborating with multidisciplinary teams from pre - production to post - production.

PEO 4 : Exemplify leadership and entrepreneurial competence, managing projects, leading creative teams, or launching ventures in the visual effects and film industry.

Programme Specific Outcomes (PSO)

The graduates will be able to:

PSO 1 : Utilized advanced visual effects techniques, such as composing, motion tracking, particle simulation and digital matte painting, to create immersive effects for films and media.

PSO 2 : Apply comprehensive film production skills, covering pre-production planning, cinematography, lighting, sound design and post – production editing, overseeing the entire filmmaking process.

PSO 3 : Explore animation and motion graphics, utilizing 2D and 3D animation software to craft dynamic sequences for various media platforms.

PSO 4 : Efficiently manage projects and production workflows, ensuring timely delivery of high - quality content through effective planning, organization and resource management.

PSO 5 **:** Evaluate industry standards and best practices in visual effects and film production, producing work that meets professional bench marks.

SCHOOL OF ANIMATION AND MEDIA STUDIES (SAMS)

M.Sc., Visual Communication

Vision of the Department

To offer globally competent graduates with excellent Animation Skills in Computer Graphics as well as in Film Production Process.

Mission of the Department

DM1: To provide a world class – Industry oriented curriculum in Digital Arts Computerized Animation and Film Studies

DM2: To offer rich skills in the area of Fine arts, Animation, Gaming, Computer Graphics and Film production to the younger generation with moral ethics.

DM3: To promote multi-disciplinary culture among students for the growth and development of the Media Industry

Programme Educational Objectives (PEOs):
The graduates will be able to:

PEO1: Develop skills required to meet the demands of the media and entertainment industry.

PEO2: Gain meaningful employment in a wide range of entertainment and creative industries.

PEO3: Create and design effective messages across media platforms using creative and innovative approaches.

PEO4: Acquire procedural knowledge to work both individually and in teams to fulfill workflows and tasks in media organizations.

PEO5: Gain academic and scholarly knowledge to become effective researchers, teachers and mentors in the field of communication.

PEO6: Develop entrepreneurial skills to work independently or secure gainful employment in the established entertainment industry.

PEO7: Engage in ethically and socially responsible media practices and serve as change agents.

PEO8: Inculcate the values of truth – seeking, truth - telling, intellectual honesty and respect the diverse viewpoints.

PSO4: Produce employable, ethical and innovative professionals to sustain in the dynamic business world.

PSO5: Contribute to the development of the society by collaborating with stakeholders for mutual benefit.

SCHOOL OF ANIMATION AND MEDIA STUDIES (SAMS)

PG Diploma in Animation Techniques

Programme Educational Objectives (PEOs):

The graduates will be able to:

PEO 1: Exhibit Fine Arts, Designing, Gaming and Animation skills to succeed in their profession.

PEO 2: Become an entrepreneur by setting up their own studio.

PEO 3: Impart good team spirits with ethical principles and values to work worldwide.

PEO 4: Pursue higher studies in Animation, Film Studies and imbibe a thirst for lifelong learning.

Programme Specific Outcomes (PSOs)

The graduates will be able to:

PSO 1: Perform Multitasking skills to create multimedia content in a professional context.

PSO 2: Coordinate the Graphic Design, 2D & 3D Animation, and Visual Effects production pipelines.

PSO 3: Utilize the new tools, and strategies to create and work on multidisciplinary projects.

SCHOOL OF ANIMATION AND MEDIA STUDIES (SAMS)
B.Sc., ANIMATION

PROGRAMME EDUCATIONAL OBJECTIVES (PEOS):

The graduates will be able to:

PEO 1: Develop skills in the creation of CG assets, Visual Effects, Gaming, and Graphic Design.

PEO 2: Efficient to start their own business in the field of Media.

PEO 3: Work worldwide with good team spirit & Ethical Values.

PEO 4: Pursue higher studies in Animation, Film Studies and imbibe and imbibe a thrust for lifelong learning.

PROGRAMME SPECIFIC OUTCOMES (PSOS)

The graduates will be able to:

PSO 1: Acquire knowledge of fundamental and advanced concepts of animation and its techniques.

PSO 2: Coordinate the production pipeline in Graphic Design, 2D & 3DAnimation and Visual Effects.

PSO 3: Equip with creative and technical skills in various domains of Animation and multimedia to for global employment.

SCHOOL OF ANIMATION AND MEDIA STUDIES (SAMS)
B.Sc., VISUAL COMMUNICATION

Programme Educational Objectives (PEO)

PEO 1 : Analyze the technical and creative aspects of Film Making and Television Production.

PEO 2 : Develop aesthetic content in the Journalism, Film and TV Media Industry to acquire the employment opportunities to sustain in the field of Media.

PEO 3 : Communicate with the people to understand their responsibility in the society.

PEO 4 : Exhibit entrepreneurial leadership skills, including the ability to identify opportunities, initiate ventures and effectively communicate their vision through various visual mediums to stakeholders and potential investors.

Programme Specific Outcomes (PSO)

PSO 1 : Gain in-depth knowledge on pre-production, production, post-production process in Film Making and Television production.

PSO 2 : Elaborate a career for a creative professional in Film Making, Television Programming, designing and related fields.

PSO 3 : Explore to do Master program in specialized field such as films, journalism, animation, etc.

PSO 4 : Get insight on Film, Television, Animation production and appreciation.

PSO 5 : Enhance technically and economically while utilizing the information to ensure their personal creativity and originality in their professional lives.
